I had my second taekwondo class after daycare and I loved it. I had a helper student with me . . . we were doing target practice. I used both feet and hands. I got my uniform! Guess what! Mama's colleague Tony (who's retired) has a son who goes to my school and he's just back from competing in Denmark! He's been everywhere!

Mama loves the culture of the school and she signed me up for one year! The Grand Master says after six months I might want to go three classes a week!

Nana came in on Friday to help with my Clay Cafe Birthday Party! Everyone got to make something! We had an aMazing mermaid cake!
